Section I - Chemical & Product Identification

Product Name: Fresh Start Wipes
Date Prepared: March 1, 2023
Product Code: 26182 26184
Product Class: Cleansing Wipes
Emergency Number: 1-800-424-9300
Telephone Number: 1-651-645-5721

Manufacturers Name & Address:
Bro-Tex, Inc.
800 Hampden Ave.
St Paul, MN 55115

Section II – Hazard Identification

Emergency Overview
Towelette Impregnated with clear liquid

Primary Hazards:

Route(s) of Entry: Skin__X__ Ingestion__X_ Inhalation____

Symptoms & Sign of Over Exposure

Inhalation: Exposure via inhalation is not likely. Vapor or aerosol mist concentrations may be irritating to the nose, throat, and upper respiratory tract.
Ingestion: Ingestion of product my cause transient irritation to the throat, stomach, and gastrointestinal tract. Ingestion of large amounts may produce gastrointestinal disturbances including irritation, diarrhea, and nausea.
Eye: May cause irritation to the eyes.
Skin: May cause irritation to the skin.

Carcinogenicity: NTP: No IARC Monographs: No OSHA Regulated: No

Target Organs: None

Medical Conditions aggravated by Exposure: Pre-existing skin conditions

Health Hazards: Chronic: May cause eye irritation Acute: May cause eye irritation.

Section III – Ingredient Information

Hazardous Components (Specific Chemical Identity; Common Name(s))

Component	CAS No	%	Exposure limits
Water	7732-18-5	> 93	Not Available
Quaternary Ammonium Chloride	68391-01-5	< 1	Not Available
Quanternary Ammonium Chloride	68956-79-6	< 1	Not Available
Sodium Carbonate	497-19-8	< 1	Not Available
Tetrasodium Salt of Ethylenediaminetetraacetic Acid	64-02-8	< 1	ORAL (LD50) Acute 3030 mg/kg [Rat]
Nonionic Surfactant	9016-45-9	< 1	Not Available
Perfume Oil	N/A	< 1	Not Available
Dye	N/A	< 1	Not Available

Section IV – First Aid Measures

Inhalation: Remove to fresh air. Get immediate attention for any breathing difficulty. .

Ingestion: Give several glasses of water to drink to dilute product. Do not induce vomiting unless directed by a physician.

Skin Contact: Wash skin with soap and water. Remove contaminated clothing and shoes. Obtain medical attention if irritation persists. Launder clothing before reuse. Thoroughly clean shoes before reuse.

Eye Contact: Immediately flush eyes with cool water for at least 15 minutes while lifting upper and lower eyelids occasionally. Remove contact lenses. Continue flushing and get immediate medical attention.

.

Section V – Fire Fighting Measures

Flash Point: None (Closed Cup method)

Unusual fire / Explosion Hazards None

Fire Extinguishing Media: Use water, foam, carbon dioxide or dry chemical extinguishers.

Special Information: Cool fire exposed containers with water fog. In the event of a fire, wear full protective gear and NIOSH-approved self-contained breathing apparatus that is appropriate for the primary cause of fire. Containers may melt from the heat of a fire.

Section VI – Accidental Release Measures

Ventilate area of leak or spill. Wear appropriate protective equipment as specified in Section 8.

Spills: Small spills: Contain the spill, Mop thoroughly and rinse with water.
Large Spills: Evacuate area. Block potential routes to water systems (sewers, streams, etc.) with inert material such as sand or dirt. Containerize for reclamation or disposal. Wash down affected areas with clean water. CERCLA regulations may require reporting spills and releases to soil, water, and air. Call local Emergency Response agency to report spill.
Waste Disposal: Contact the proper county, state or federal authorities.

Section VII - Handling & Storage

Keep out of reach of children. Keep container closed when not in use. Empty containers may contain product residues – observe all warnings and precautions. Keep from freezing. Store away from sources of heat and incompatibilities. Best to store between 40°F and 90°F.

Section VIII – Exposure Control/Personal Protection

Airborne Exposure Limits: See section 3

Ventilation System: Local and/or general exhaust is recommended to keep exposure (mists) below limits.

Personal Respirators: Not needed under normal use conditions. Where mist is generated and ventilation is not adequate, wear a NIOSH respirator for vapors and mists.

Skin Protection: None needed under normal use conditions. Maintain quick-drench facility in the work area.

Eye Protection: None needed under normal use conditions. Maintain eye wash fountain in the work area.

Section IX – Physical/Chemical Properties

Appearance:
Clear, colorless liquid

Odor:
Mild fresh odor

Solubility:
Soluble in Water

Specific Gravity:
1.00

pH:
Not Determined

Boiling Point:
Approximately 212°F

Melting Point:
N/A

Vapor Density (Air = 1)
Not determined

Vapor Pressure (mm Hg)
Not Determined

Evaporation Rate (H_2O=1)
>1

% VOC
< 0.5%

Note: Properties determined the liquid component of the towelette

Section X – Stability & Reactivity

Stability:	Stable at room temperature.
Hazardous Decomposition Products:	Decomposition may produce oxides of carbon
Hazardous Polymerizations:	Will not occur.
Incompatibilities:	None.
Conditions to Avoid:	None.

Section XI – Toxicological Information

Carcinogenicity: Not listed as carcinogenic according to IARC, NTP or OSHA

Section XII – Ecological Information

Ecological Fate and Toxicity: Toxic to fish. Toxic to aquatic organisms.

Section XIII – Disposal Information

Whatever cannot be saved for recovery or recycling should be handled as hazardous waste and sent to an approved incinerator or disposed of in an approved waste facility. Processing, use or contamination of this product may change the waste management options. State and local disposal regulations may differ from federal disposal regulations.

Dispose of container and unused contents in accordance with federal, state and local requirements.

Section XIV – Transportation Information

DOT Proper Shipping Name: Refer to bill of lading or container label for DOT and other transportation hazard classification, if any.
